## Objective

Driven and dedicated MERN stack developer with over 2.5 years of practical experience in designing and developing scalable web applications. Skilled in using MERN (MongoDB, Express.js, React, Next, Node.js) stack to deliver robust and efficient solutions.

## Experience :

# Apr 2023 – Present

Mern-Stack Developer | **Altezzasys Systems**

### 1. Application Development:

Design, develop, and deploy full-stack web applications using the MERN stack (MongoDB, Express.js, React, Node.js).

Collaborate with cross-functional teams, including designers and product managers, to gather requirements and translate them into technical solutions.

### 2. Front-End Development:

Build responsive and interactive user interfaces using modern front-end technologies like React.

Optimize front-end performance for fast loading and smooth user experience.

### 3. Back-End Development:

- Develop server-side logic using Node.js and Express.js for efficient handling of API requests and data management.
- Implement and manage APIs, including authentication, authorization, and data validation.
- Design and implement server-side architecture to ensure scalability and maintainability. 4.

### Database Management:

- Design, implement, and manage MongoDB databases, including schema design, indexing, and querying.

### 6. Version Control and Collaboration:

- Use version control systems like Git to manage codebase changes and collaborate effectively with team members using platforms like GitHub or Bitbucket.

### 7. Testing and Debugging:

- Write unit tests, integration tests, and end-to-end tests to ensure the stability and quality of the application.
- Debug and resolve issues in both front-end and back-end components.

## **8. Continuous Learning and Improvement:**

Continuously learn and improve skills, staying adaptable to new technologies and evolving industry standards

## **9. Collaborative Team Member:**

Work collaboratively in an agile or scrum environment, sharing knowledge and contributing to the success of the team.
